Save The Future is powered by 2 tokens:

- Mirai (MIRAI): utility token
- Nala (MiraiDAO): governance token

More than 94,99% of the Mirai (MIRAI) and Nala (NALA) tokens are owned by the Mirai Network which consists of: 1) any third-party exchange partner or decentralized exchange 2) market makers 3) the community and 4) the Mirai smart contracts.

Save The Future did not sell any token by using private sales (ICOs) or pre sales mechanisms (IEO):

- The Mirai (MIRAI) token was airdropped to the Save The Future community who, to the date November 2021, was holding the MiraiNFT. The MiraiNFT was an NFT purchasable during 3 NFTs events that occurred between August – October 2021 and that allowed the Mirai Labs community to obtain access to the savethefuture.finance ecosystem of products and private communities. Moreover, the MiraiNFT gave the chance to be whitelisted on the first NFTs drops of Mirai.
- The NALA (MiraiDAO) token was airdropped to the Save The Future community who, to the date February 2022 – March 2023, was holding the Mirai (MIRAI) token

NFTs are intended to be “non-fungible” tokens representing a unique Collectible; however, certain NFTs may be fungible with one another (i.e., all such NFTs are associated with the same Collectible Metadata) while being non-fungible with other NFTs (i.e., such NFTs are associated with different Collectible Metadata).

Collectibles

(a) “Collectible” means the association on Ethereum of an NFT with a Uniform Resource Identifier (“URI”) identifying an appropriately configured JSON file conforming to the ERC-721 Metadata JSON Schema, ERC-1155 Metadata URI JSON Schema or a similar JSON schema, as applicable (such JSON file, the “Collectible ID”).

(c) There can be no guarantee or assurance of the uniqueness, originality, or quality of any Collectible or Collectible Metadata. In the absence of an express legal agreement between the creator of a Collectible and purchasers of the Collectible, there cannot be any guarantee or assurance that the purchase or holding of the Collectible confers any license to or ownership of the Collectible Metadata or other intellectual property associated with the Collectible or any other right or entitlement, notwithstanding that User may rightfully own or possess the NFT associated with the Collectible.

(d) MIRAI LABS may from time to time remove certain Collectibles from the Mirai Labs (Save The Future) Apps or restrict the creation of Collectibles on the Mirai Labs (Save The Future) Apps in MIRAI LABS’s sole and absolute discretion, including in connection with any belief by MIRAI LABS that such Collectible violates these Terms or the terms and conditions or privacy policy of the Mirai Labs (Save The Future) Apps.
